

# Newsroom Archives 2008 and earlier

- October 11, 2004 - TERC's Investigations Curriculum Has New Online Home
- April 4, 2008 - TERC Presents: NCSM 2008
- April 4, 2008 - TERC Presents: NCTM 2008
- March 17, 2008 - TERC Presents: AERA 2008
- February 13, 2008 - TERC Presents: AAAS 2008
- April 11, 2008 - InspireData Earns CODiE Awards Finalist Honors
- September 6, 2007 - Learning Science Online Reports on Teacher Professional Development
- August 22, 2007 - Signing Science Dictionary Featured in CITED Resources for Deaf Students
- July 30, 2007 - The Cheche Konnen Center at TERC Receives Ford Foundation Grant for ArtScience
- June 28, 2007 - NOAA Releases Nation-Wide Study of Earth Science Standards
- June 8, 2007 - TERC Receives NSF Grant for Engaging Blind Students in Geosciences
- April 23, 2007 - TERC Part of Inaugural Cambridge Science Festival
- March 8, 2007 - TERC Presents: 2007 Conferences
- February 14, 2007 - TERC Receives \$1.3M for Biocomplexity Curriculum
- February 15, 2007 - TERC Board Names Frank Davis President
- March 15, 2006 - DataTools Launches Teacher Professional Development
- March 8, 2006 - TERC Presents: Upcoming Conferences
- February 5, 2007 - NSF Awards TERC \$2.68M for Online Learning Network, MSPnet
- February 7, 2005 - Field Test Teachers Needed for Data Analysis Software & Curriculum
- May 11, 2004 - Commission on Adult Basic Education Honors TERC Researcher Mary Jane Schmitt
- February 28, 2006 - Board Names Hein as Interim President
- January 24, 2007 - TERC Reseacher's Study Presented to Senate
- January 22, 2007 - Earth and Space Science Promoted in California
- January 25, 2005 - ISS EarthKAM Program Joins Forces with JASON Expedition to Study Disappearing Wetlands
- February 1, 2006 - New Way to Teach Math Adopted
- January 13, 2005 - New Curriculum for Adult Math Education: EMPower
- December 15, 2004 - Susan Jo Russell (TERC) coauthors Boston Globe Op Ed on Math Education
- April 28, 2004 - eClassroom(SM) and TERC Partner to Advance Research Efforts in K-12 Online Education
- October 19, 2006 - TERC Researcher to Speak at Race Relations Conference
- February 24, 2004 - MarsQuest Online - Innovative Web Site Brings Mars Exploration to Desktops
- September 28, 2006 - Fuzzy Reasoning
- July 24, 2003 - MarsQuest Online Wins Griffith Observatory Star Award
- May 21, 2003 - Summer Workshop for MA Earth Science Teachers
- September 21, 2006 - NCTM Releases Curriculum Focal Points
- January 10, 2006 - TERC Museum-Based Math Projects Featured in ASTC Magazine
- December 14, 2004 - Students Find Beach Fun in Winter
- February 3, 2004 - Article Describes Ways to Bring Math to Afterschool
- November 5, 2003 - TERC Receives \$5.18m in Funding for School Reform
- January 16, 2003 - ENC Focus Explores Data-Driven Decision Making
- January 14, 2003 - Zoombinis Island Odyssey a Finalist for 2003 Codie Award
- November 22, 2002 - Zoombinis Island Odyssey Rated 9.4 by GameZone.com
- May 16, 2002 - Leading Educators and Scientists Call for Revolution in Earth and Space Science Education
- August 4, 2006 - TERC Partners in Boston Math and Science Advancement Initiative
- October 4, 2004 - ISS EarthKAM Begins Another Year of Inspiring Students

- July 9, 2003 - Crossplatform Multimedia Creation Tool Now Available for Download
- April 9, 2003 - Participate in Online Science Challenges for Grades 3-8
- July 3, 2006 - TERC Staff Published in NCTM Yearbook
- January 11, 2006 - Big Cities Credit Conceptual Math for Higher Scores
- January 28, 2004 - ENC Cites Study of Place as Exemplary Site
- November 8, 2003 - New At-Home Math Resource for Parents
- February 3, 2004 - Professional Development Opportunity for Science & Technology Teachers: New EET Seminars
- October 23, 2003 - Recruiting Science and Technology Teachers (Grades 6-12) for Field Test
- July 5, 2006 - InspireData, Visual Learning Software Developed by TERC Debuts at NECC
- July 15, 2004 - TERC Welcomes Senior Researcher Bruce Jackson
- December 3, 2003 - Elaine Laughlin New Director of Development at TERC
- August 21, 2002 - Girls Encouraged to Celebrate Science at Boston Science Festival, September 22
- June 7, 2005 - Articles Focus on TERC Work with Deaf Students, Families
- May 20, 2004 - Winners of Annual NASA Student Involvement Program Competitions Announced
- December 1, 2003 - Organizations Needed to Field Test Science PD Program
- April 18, 2003 - New Report Examines Online, On Campus Learning Processes
- March 18, 2003 - Zoombinis Island Odyssey Wins 2003 Bologna New Media Prize
- February 3, 2003 - New Publication: Facilitating Online Learning
- March 23, 2006 - Using Data Course Now Online
- February 14, 2005 - Center for Special Education's Saturday Workshop Series: Science Inquiry
- August 21, 2003 - Web Site a Resource for Information about Algebra for Young Students
- December 4, 2002 - Hewlett Foundation Awards TERC Grant for Online Learning Center
- December 2, 2005 - Boston Schools Get an 'A' for Improvement in Math
- March 7, 2002 - Investigations Staff Publishes Book on Parent Math Involvement
- June 21, 2007 - Investigations Workshops Leader Named Massachusetts Teacher of the Year
- April 9, 2004 - NPR Story Examines Use of TERC's Investigations Curriculum in Boston
- February 13, 2008 - TERC Hosts Indigenous Education Conference
- May 13, 2002 - NASA Student Involvement Program Winners Honored
- October 8, 2002 - Global Lab Curriculum Featured in WestEd Publication
- March 11, 2003 - New Publication: Involving Students in Student-Teacher-Scientist Partnerships
- May 6, 2003 - Recruiting Teachers for Data Analysis, Statistics Seminar
- February 14, 2005 - New Article on Mathematics Education for Students with Disabilities
- September 23, 2008 - Students and Astronauts Use Powerful New Tool to Explore Earth From Space
- March 4, 2008 - TERC Presents: NSTA Conference
