

Investigations in Number, Data, and Space® 2nd edition Unit Guides

Website: <http://investigations.terc.edu/>

Publisher: TERC

Unit Guides are available for all 52 units of *Investigations in Number, Data, and Space®*, copyright 2008-2012. (These Unit Guides do not address the content changes included in the *Investigations® and the Common Core State Standards* companion materials.)

Unit Guides are:

- Written by the authors of *Investigations*.
- Designed as a study guide to help teachers become comfortable with the mathematical content, activities, and structure of each unit.
- Created to provide an in-depth professional development experience.

Each Unit Guide is designed to take three hours but can be adapted and used flexibly in a variety of settings. To learn more about the Unit Guides, and how best to incorporate them into your professional development program, visit investigations.terc.edu

A CD of all the Unit Guides is available from TERC, for \$150 (**credit card or check only**). The CD includes a Unit Guide for every unit, organized by grade level. (**Note:**The Unit Guides are only available as a K-5 set; they cannot be purchased by grade level.) To download an order form, please click [here](#).
