

# Capuano Early Childhood Center Exhibits

**Principal Investigator:** Polly Hubbard

**Funders:**

**Website:** [Capuano Early Childhood Center](#)

TERC designed exhibits for the green Michael E. Capuano Early Childhood Center in Somerville, Massachusetts. The kinesthetic exhibits show how various recycled materials (including aluminum cans, glass bottles, recycled car tires) were used in the construction of the school, and how the use of natural light, energy-friendly insulation, and wind turbines is harnessed in the school's design.
